INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members
of the City Council
City of Linden
County of Union
Linden, New Jersey 08807

Report on the Financial Statements

We have audited the accompanying balance sheets - regulatory basis of the various individual funds and account group of the City of Linden, as of December 31, 2014 and 2013, the related statement of operations and changes in fund balance - regulatory basis for the years then ended, and the related statement of revenues - regulatory basis and statement of expenditures - regulatory basis of the various individual funds for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the City's regulatory financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these regulatory financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), and the provisions of U.S. Office of Management and Budget (OMB) Circular 133, "Audits of States, Local Governments and Non-Profit Organizations" and State of New Jersey OMB Circular 04-04 "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid," and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

SUPLEE, CLOONEY & COMPANY

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the regulatory financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the regulatory financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S Generally Accepted Accounting Principles

As described in Note 1 of the regulatory financial statements, the regulatory financial statements are prepared by the City of Linden on the basis of the financial reporting provisions prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the various individual funds and account group of the City of Linden as of December 31, 2014 and 2013, or the results of its operations and changes in fund balance for the years then ended of the revenues or expenditures for the year ended December 31, 2014.

Opinion on Regulatory Basis of Accounting

In our opinion, the regulatory financial statements referred to above present fairly, in all material respects, the regulatory basis balances sheets of the various individual funds and account group as of December 31, 2014 and 2013, the regulatory basis statement of operations and changes in fund balance for the years then ended and the regulatory basis statement of revenues and expenditures and changes in fund balance for the year ended December 31, 2014 in accordance with the basis of financial reporting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Linden's regulatory financial statements. The supplementary information and data listed in the table of contents as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and the schedule of expenditures of state financial assistance as required by NJ OMB 04-04 are presented for purposes of additional analysis and are not a required part of the regulatory financial statements.

The supplemental information and schedules listed above and also listed in the table of contents are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the regulatory financial statements. Such information has been subjected to the auditing procedures applied in the audit of the regulatory financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the regulatory financial statements or to the regulatory financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information listed and data in the table of contents, schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the schedule of expenditures of state financial assistance as required by NJ OMB 04-04 are fairly stated, in all material respects, in relation to the regulatory financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 15, 2015 on our consideration of the City of Linden's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Linden's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

CITY OF LINDEN

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2014 AND 2013

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The City of Linden is an instrumentality of the State of New Jersey, established to function as a municipality. The City Council consists of elected officials and is responsible for the fiscal control of the City.

Except as noted below, the financial statements of the City of Linden include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the City of Linden, as required by N.J.S.A. 40A:5-5. Accordingly, the financial statements of the City of Linden do not include the operations of the municipal library and local school district, inasmuch as its activities are administered by a separate board.

B. Description of Funds

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB codification establishes three fund types and two account groups to be used by general purpose governmental units when reporting financial position and results of operations in accordance with U.S. Generally Accepted Accounting Principles (GAAP).

The accounting policies of the City of Linden conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the financial transactions and accounts of the City of Linden are organized on the basis of funds and an account group which is different from the fund structure required by GAAP. A fund or account group is an accounting entity with a separate set of self-balancing accounts established to record the financial position and results of operation of a specific government activity. As required by the Division of Local Government Services the City accounts for its financial transactions through the following individual funds and account group:

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Description of Funds (Continued)

Current Fund - resources and expenditures for governmental operations of a general nature, including federal and state grant funds

Trust Fund - receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created

General Capital Fund - receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund

Sanitary Landfill Utility Operating and Capital Fund - account for the operations and acquisition of capital facilities of the City owned sanitary landfill

Public Assistance Fund - receipt and disbursement of funds that provide assistance to certain residents of the City pursuant to Title 44 of New Jersey statutes

General Fixed Assets Account Group - utilized to account for property, land, buildings and equipment that has been acquired by other governmental funds

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the State of New Jersey differ in certain respects from generally accepted accounting principles applicable to local governmental units. The more significant accounting policies and differences in the State of New Jersey are as follows:

A modified accrual basis of accounting is followed with minor exceptions.

Revenues - are recorded when received in cash except for certain amounts which are due from other governmental units. Federal and state grants are realized as revenue when anticipated in the City's budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the City's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the City, which are susceptible to accrual, are also recorded as receivables with offsetting reserves and recorded as revenue when received. GAAP requires revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Expenditures - are recorded on the "budgetary" basis of accounting. Generally expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances, at December 31, are reported as a cash liability in the financial statements and constitute part of the City's statutory Appropriation Reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31st of each year and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year to meet specific claims, commitments or contracts incurred during the preceding fiscal year.

Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis, whereas interest on utility indebtedness is on the accrual basis.

Encumbrances - Contractual orders, at December 31, are reported as expenditures through the establishment of encumbrances payable. Under GAAP, encumbrances outstanding at year end are reported as reservations of fund balance because they do not constitute expenditures or liabilities.

Foreclosed Property - is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. GAAP requires such property to be recorded in the General Fixed Assets Account Group at its market value.

Sale of Municipal Assets - The proceeds from the sale of municipal assets can be held in a reserve until anticipated as a revenue in a future budget. GAAP requires such proceeds to be recorded as a revenue in the year of sale.

Interfunds - Interfunds receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfunds receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICES (CONTINUED)

C. Basis of Accounting (Continued)

General Fixed Assets – New Jersey Administration Code (NJAC 5:30-5.6), Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles, requires the inclusion of a statement of general fixed assets of the City as part of its basic financial statements. General fixed assets are defined as nonexpendable personal property having a physical existence, a useful life of more than one year and an acquisition cost of \$1,000.00 or more per unit.

Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. No depreciation has been provided on general fixed assets or reported in the financial statements.

The City has developed a fixed assets accounting and reporting system based on an inspection and valuation prepared by an independent appraisal firm. Fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Land is stated at the assessed value contained in the City's most recent property revaluation. Buildings are stated at the most recent insurance replacement value. General Fixed Assets that have been acquired and are utilized in a governmental fund operation are accounted for in the General Fixed Assets Account Group rather than in a governmental fund.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

Inventories of Supplies - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets. GAAP requires the cost of inventories to be reported as a current asset and equally offset by a fund balance reserve.

D. Basic Financial Statements

The GASB codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be in accordance with GAAP. The City presents the financial statements listed in the table of contents of the "Requirements of Audit and Accounting Revision of 1987" as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and which differ from the financial statements required by GAAP.

NOTE 2: CASH AND CASH EQUIVALENTS

The City considers petty cash, change funds, cash in banks, deposits in the Cooperative Liquid Asset Security System (CLASS) and certificates of deposit as cash and cash equivalents.

A. Deposits

New Jersey statutes permit the deposit of public funds in institutions which are located in New Jersey and which meet the requirements of the Governmental Unit Deposit Protection Act (GUDPA) or the State of New Jersey Cash Management Fund. GUDPA requires a bank that accepts public funds to be a public depository. A public depository is defined as a state bank, a national bank, or a saving bank, which is located in the State of New Jersey, the deposits of which are insured by the Federal Deposit Insurance Corporation. The statute also requires public depositories to maintain collateral for deposits of public funds that exceed certain insurance limits. All collateral must be deposited with the Federal Reserve Bank or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.00.

The City of Linden had the following cash and cash equivalents at December 31, 2014:

NOTE 2: CASH AND CASH EQUIVALENTS (CONTINUED)

A. Deposits (Continued)

Of the cash on balance in the bank of \$30,727,939.82, \$750,000.00 was covered by Federal Depository Insurance and \$29,977,939.82 was covered under the provision of NJGUDPA.

Custodial Credit Risk - Deposits - Custodial credit risk is the risk that in the event of a bank failure, the deposits may not be returned. The City does not have a specific deposit policy for custodial risk other than those policies that adhere to the requirements of statute. As of December 31, 2014, based upon the coverage provided by FDIC and NJGUDPA, no amount of the bank balance was exposed to custodial risk. The New Jersey Cash Management Fund is an investment pool and is not insured by either FDIC or GUDPA.

B. Investments

The purchase of investments by the City is strictly limited by the express authority of the New Jersey Local Fiscal Affairs Law, N.J.S.A. 40A:5-15.

All bonds are retired in annual installments within the statutory period of usefulness. All bonds issued by the City are general obligation bonds, backed by the full faith and credit of the City. NOTE 6: PENSION PLANS

City employees, who are eligible for a pension plan, are enrolled in one of three pension systems administered by the Division of Pensions, Treasury Department of the State of New Jersey. The plans are: the Public Employee's Retirement System, the Police and Firemen's Retirement System, and the Consolidated Police and Firemen's Pension Fund of New Jersey. The Division annually charges participating government units for their respective contributions to the plans based upon actuarial methods. Certain portions of the costs are contributed by the employees. The City's share of pension costs, which is based upon the annual billings received from the State, amounted to \$7,508,400.34 for 2014, \$7,640,544.04 for 2013 and \$7,549,908.43 for 2012.

Certain City employees are also covered by Federal Insurance Contribution Act.

Information as to the comparison of the actuarially computed value of vested benefits with the system's assets is not available from the State Retirement System and, therefore, is not presented.

NOTE 6: PENSION PLANS (CONTINUED)

Substantially all eligible employees participate in the Public Employees' Retirement System (PERS), or the Police, Firemen's Retirement System (PFRS) or the Defined Contribution Retirement System (DCRP), which have been established by state statute and are administered by the New Jersey Division of Pensions and Benefits. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System, Police and Fireman's Retirement System and Consolidated Police and Firemen's Pension Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey, 08625 or are available online at www.nj.gov/treasury/pensions/annrpts.shtml.

Plan Descriptions

Public Employees' Retirement System (PERS) - The Public Employees' Retirement System (PERS) was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A, to provide retirement, death, disability and medical benefits to certain qualified members. The PERS is a cost-sharing multiple employer plan. Membership is mandatory for substantially, all full-time employees of the State of New Jersey or any county, municipality, school district or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state pension fund or local jurisdiction's pension fund.

Police and Fireman's Retirement System (PFRS) - The Police and Fireman's Retirement System (PFRS) was established as of July 1, 1944, under the provisions of N.J.S.A. 43:16A, to provide retirement, death, and disability benefits to its members. The PFRS is a cost-sharing multiple-employer plan. Membership is mandatory for substantially, all full-time county and municipal police or firemen or officer employees with police powers appointed after June 30, 1944.

Defined Contribution Retirement Program (DCRP) - The Defined Contribution Retirement Program (DCRP) was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, and was expanded under the provisions of Chapter 89, P.L. 2009. The DCRP provides eligible employees and their beneficiaries with a tax-sheltered, defined contribution retirement benefit, along with life insurance coverage and disability coverage.

Vesting and Benefit Provisions

The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43:36. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service. Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving ten years of service credit, in which case, benefits would begin the first day of the month after the member attains normal retirement age.

NOTE 6: PENSION PLAN (CONTINUED)

Vesting and Benefit Provisions (Continued)

The vesting and benefit provisions for PFRS are set by N.J.S.A. 43:16A and 43:36. All benefits vest after ten years of service, except for disability benefits, which vest after four years of service. Retirement benefits for age and service are available at age 55. Members may seek special retirement after achieving 25 years of creditable service or they may elect deferred retirement after achieving ten years of service.

Newly elected or appointed officials that have an existing DCRP account, or are a member of another State-administered retirement system are immediately invested in the DCRP. For newly elected or appointed officials that do not qualify for immediate vesting in the DCRP, employee and employer contributions are held during the initial year of membership. Upon commencing the second year of DCRP membership, the member is fully invested. However, if a member is not eligible to continue in the DCRP for a second year of membership, the member may apply for a refund of the employee contributions from the DCRP, while the employer contributions will revert back to the employer. Employees are required to contribute 5.5% of their base salary and employers contribute 3.0%.

Funding Policy

The contribution policy is set by New Jersey State Statutes and contributions are required by active members and contributing employers. Plan members and employer contributions may be amended by State of New Jersey legislation. During 2014, PERS provides for employee contributions of 6.92% of employees' annual compensation. Employers are required to contribute at an actuarially determined rate. The actuarially determined contribution includes funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums.

The contribution policy for PFRS is set by N.J.S.A. 43: 16A and requires contributions by active members and contributing employers. Plan member and employer contributions *may* be amended by State of New Jersey legislation. Employers are required to contribute at an actuarially determined rate. The annual employer contribution includes funding for basic retirement allowances, cost-of-living adjustments and noncontributory death benefits. During 2014, members contributed at a uniform rate of 10.00% of base salary.

Certain portions of the costs are contributed by the employees. The City's share of pension costs, which is based upon the annual billings received from the State, amounted to \$7,520,876.95 for 2014, \$7,651,318.03 for 2013 and \$7,557,581.22 for 2012.

All contributions were equal to the required contributions for each of the three years, respectively.

Certain City employees are also covered by Federal Insurance Contribution Act.

NOTE 7: COMPENSATED ABSENCES

Under the existing policy of the City, employees are allowed to accumulate unused sick pay over the life of their working careers which may be taken as time off or paid at a later date as outlined in City personnel policies. It is estimated that, at December 31, 2014, the current cost of such unpaid compensation would approximate \$4,371,821.26. Under accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the accumulated cost of such unpaid compensation is not required to be reported in the financial statements as presented and any amounts required to be paid are raised in that year's budget or paid from a reserve that has been established through annual budget appropriations. At December 31, 2014, the amount reserved for unpaid compensated absences is \$188,324.76.

NOTE 9: LITIGATION

The City Attorney's letter did not indicate any litigation, claims or contingent liabilities that are either not covered by the City's insurance carrier or would have a material financial impact on the City's financial condition. Special legal counsels representing the City of Linden have indicated that there are matters concerning the financial condition of the City involving ongoing litigation regarding the Linden Sanitary Landfill and pending tax appeals and it would be reasonable to assume that some of these matters present substantial, though not as yet quantified, exposure.

NOTE 10: TAX APPEALS

There are a substantial number of tax appeals filed with the State Tax Court of New Jersey requesting a reduction of assessments for the years 2008 through 2014. Any reduction in assessed valuation will result in a refund of prior years taxes in the years of settlement, which may be funded from tax revenues through the establishment of a reserve or by the issuance of refunding bonds per N.J.S.A. 40A:2-51. The City has made provision, from tax revenues, in the amount of \$818,489.72 for these appeals in the event that the tax reductions are granted.

NOTE 11: CONTINGENT LIABILITIES

The City participates in several financial assistance grant programs. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of funds for eligible purposes. The state and federal grants received and expended in 2014 were subject to the Single Audit Act of 1984, OMB Circular A-133 and State of New Jersey OMB Circular 04-04 which mandates that grant revenues and expenditures be audited in conjunction with the City's annual audit. Findings and questioned costs, if any, relative to federal and state financial assistance programs will be discussed in detail in Part II, Single Audit Section of the 2014 audit. In addition, these programs are also subject to compliance and financial audits by the grantors or their representatives. As of December 31, 2014, the City does not believe that any material liabilities will result from such audits.

NOTE 12: DEFICIENCY AGREEMENTS

NOTE 13: RISK MANAGEMENT

The City established a self-insurance program in accordance with New Jersey Statute Chapter 40A:10. The City is currently self-insured for dental and prescriptions, and workers' compensation exposures. Additionally, the City maintains insurance policies covering health insurance, property, boiler and machinery and excess general liability. Employee fidelity, general liability, automobile, property, law enforcement liability are covered under the Garden State Municipal Joint insurance Fund.

At December 31, 2014, the City's self-insurance fund administrators have estimated that the City's potential exposure for unsettled claims approximated \$459,246.74 for commercial business open claims and \$3,192,298.02 for worker's compensation. The City appropriates annually as required to provide for claims in the year payment is made.

New Jersey Unemployment Compensation Insurance - The City has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method." Under this plan, the City is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The City is billed quarterly for amounts due to the State. Below is a summary of City's contributions, employee Contributions, reimbursements to the State for benefits paid, and the ending balance of the City's expendable trust fund for the current and previous two years.

<u>Year</u>	<u>Employee and Other Contributions</u>	<u>Amount Reimbursed</u>	<u>Ending Balance</u>

NOTE 14: INTERFUND RECEIVABLES AND PAYABLES

The following interfund balances remained on the balance sheets at December 31, 2014:

<u>FUND</u>	<u>INTERFUND RECEIVABLE</u>	<u>INTERFUND PAYABLE</u>
Current	\$144,786.94	\$165,831.70

Sanitary Landfill Utility		<u>129,798.00</u>
	<u>\$310,618.84</u>	<u>\$310,618.84</u>

All interfund balances resulted from the time lag between the dates that payments between funds are made.

NOTE 15: DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all City employees, permits them to defer a portion of their salaries until future years. The City does not make any contribution to the plan. The deferred compensation is not available to employees until retirement, death, disability, termination or financial hardships.

In accordance with the requirements of the Small Business Job Protection Act of 1999 and the funding requirements of Internal Revenue Code Section 457(g), the City's Plan was amended to require that all amounts of compensation deferred under the Plan are held for the exclusive benefits of plan participants and beneficiaries. All assets and income under the Plan are held in trust, in annuity contracts or custodial accounts.

All assets of the plan are held by an independent administrator, the Massachusetts Mutual Life Insurance Company ("Mass Mutual") and Voya Financial, Inc.

The accompanying financial statements do not include the City's Deferred Compensation Plan activities. The City's Deferred Compensation Plan financial statements are contained in a separate report.

NOTE 16: GASB 45: OTHER POST-EMPLOYMENT BENEFITS

The Governmental Accounting Standards Board (GASB) has issued Statement No. 45, "Accounting and Financial Reporting by Employers for Post Employment Benefits Other Than Pension." This statement requires the municipality to disclose in the notes to the financial statements the present value of the estimated future cost of the other post-employment benefits (OPEB). OPEB obligations are non-pension benefits that the municipality has contractually or otherwise agreed to provide employees once they have retired and in most instances, will be for retirement health, prescription and dental insurance coverage.

Under current New Jersey budget and financial reporting requirements, the municipality is not required to fund any amounts in excess of their current costs on a pay-as-you-go basis. Additionally, the municipality is not required to recognize any long-term obligations resulting from OPEB on their balance sheets; however, OPEB obligations are required to be disclosed in the notes, commencing with the 2009 fiscal year.

The City provides Post-Retirement Benefits to certain employees who have retired and meet the eligibility requirements, in accordance with the terms of their various labor agreements or in accordance with municipal ordinance. These benefits include health insurance, prescription and dental coverage.

NOTE 16: GASB 45: OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Plan Description - The City of Linden contributes to the State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq., to provide health benefits to State employees, retirees, and their dependents. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

Plan Description (Continued) - The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. In 2001, the City of Linden authorized participation in the SHBP's post-retirement benefit program through resolution number HR-0426-0499. This resolution adopted the provisions of N.J.S.A. 52:14-17.38 under which a public employer may agree to pay for the SHBP coverage of certain retirees, while the entity remains in the SHBP. This will include all eligible employees.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at www.state.nj.us/treasury/pensions/gasb-43-sept2008.pdf

Funding Policy - Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.

Contributions to pay for the health premiums of participating retirees in the SHBP are billed to the City of Linden on a monthly basis. The City of Linden shall pay for 100% of the cost for retirees until amended by resolution.

The City of Linden contributions to SHBP for the years ended December 31, 2014, 2013, and 2012, were 5,854,011.48, \$5,161,786.76 and \$4,545,346.44 respectively, which equaled the required contributions for each year. There were approximately 360, 356 and 347 retired participants eligible at December 31, 2014, 2013, and 2012, respectively.

NOTE 17: COMMITMENT - PENSION CONTRIBUTION DEFERRAL

The State of New Jersey has enacted Public Law 2009, C.19, which authorizes the State Department of Treasury, Division of Pensions and Benefits to provide non-state contributing employers the option of paying an amount that represents a fifty percent (50%) reduction of the normal and accrued liability payment of the required contributions to the Police and Fire Retirement System (PFRS) and the Public Employees Retirement System (PERS) which would have been due April 1, 2009. If the deferral is elected, the amount deferred must be repaid, with interest, over a period of fifteen years, beginning in April, 2012; however, the contributing employer is permitted to pay off the obligation at any time by contacting the Division of Pension and Benefits for a payoff amount. The City of Linden has elected to defer a portion of its pension contributions as follows:

	<u>PFRS</u>	<u>PERS</u>	<u>TOTAL</u>
2009 Required Contribution	\$ 5,253,665.00	\$ 1,464,540.00	\$ 6,718,205.00

Amount Deferred	<u>\$ 2,151,589.00</u>	<u>\$ 554,507.00</u>	<u>\$ 2,706,096.00</u>

The interest on the deferral is variable and is adjusted based on the rate of return on the actuarial value of assets. Interest on the deferral paid in 2014 totaled \$294,127.00.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Mayor and Members
of the City Council
City of Linden
County of Union
Linden, New Jersey 07036

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the regulatory financial statements of the various individual funds and the account group of the City of Linden, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the City's regulatory financial statements, and have issued our report thereon dated April 15, 2015. Our report disclosed that, as described in Note 1 to the financial statements, the City of Linden prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with a modified accrual basis and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

Internal Control Over Financial Reporting

In planning and performing our audit of the regulatory financial statements, we considered the City's control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

SUPLEE, CLOONEY & COMPANY

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We noted other matters in the internal control which are discussed in Part III, General Comments and Recommendations section of the audit report.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. We noted other matters of noncompliance which are discussed in Part III, General Comments and Recommendations section of the audit report.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

The Honorable Mayor and Members

Report on Compliance for Each Major Federal and State Program

We have audited the City of Linden's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* and the *New Jersey OMB State Grant Compliance Supplement* that could have a direct and material effect on each of the City of Linden's major federal and state programs for the year ended December 31, 2014. The City's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City of Linden's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and New Jersey OMB 04-04. Those standards, OMB Circular A-133 and NJ OMB 04-04 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the City of Linden's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

SUPLEE, CLOONEY & COMPANY

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the City of Linden's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the City of Linden complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended December 31, 2014.

Report on Internal Control Over Compliance

Management of the City of Linden is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Linden's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal or state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal or state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and NJ OMB 04-04, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Linden's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and State of New Jersey OMB 04-04. Accordingly, this report is not suitable for any other purpose.

COMMENTS AND RECOMMENDATIONS

GENERAL COMMENTS

CONTRACTS AND AGREEMENTS TO BE ADVERTISED FOR N.J.S.A. 40A:11-4

Every contract or agreement for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only by the governing body of the contracting unit after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished of a sum exceeding in the aggregate the amount set forth in or the amount calculated by the Governor pursuant to Section 3 of P.L. 1971 c. 198 (C.40A:11-3), except by contract or agreement.

Effective May 17, 2011, the bid threshold in accordance with N.J.S.A. 40A:11-4 was increased to \$36,000.00 by resolution of the governing body.

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed \$36,000.00 within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the City Counsel's opinion should be sought before a commitment is made. Disbursements were reviewed to determine whether any clear cut violations existed.

The minutes indicate that bids were requested by public advertising for the following items:

- Ambulance Remount
- Thermal Imaging Equipment
- Resurfacing of Various Streets
- Cleaning and TV Inspection of Sanitary Sewers
- Demolitions
- Sanitation Truck with Snow Plow
- Komatsu Wheel Loader
- Tank and Contaminated Soil Removal
- Landfill Flare System
- Monitoring Emergency Response System
- Roof Replacement at City Hall
- Boiler Pipe Upgrades
- 70 Foot Forestry Truck
- Collection of Solid Waste Containers

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed.

CONTRACTS AND AGREEMENTS TO BE ADVERTISED FOR N.J.S.A. 40A:11-4 (CONTINUED)

Our examination of expenditures did not reveal any individual payments, contracts or agreements in excess of \$36,000.00 "for the performance of any work or furnishing or hiring of any materials or supplies," other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S.A. 40A:11-6.

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 40A:11-5 for the following:

- Bond Counsel
- Special Bond Counsel
- Auditing
- Special Counsels
- Engineering Services
- Real Estate Appraisal Services
- Appraiser/Consultant/Expert Witness
- Consulting Service - Administrative Consent Order Linden Landfill
- Public Defenders
- Expert Witness
- Assistant Municipal Prosecutors
- Maintenance and Support Financial Accounting System
- Identification of Federal and State Funding Sources

COLLECTION OF INTEREST ON DELINQUENT TAXES AND ASSESSMENTS

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body, on January 7, 2014, adopted the following resolution authorizing interest to be charged on delinquent taxes:

"BE IT RESOLVED, by the City Council of the City of Linden, that interest at the rate of eight percent (8%) per annum on the first \$1,500.00 of delinquency and eighteen percent (18%) per annum on any amount in excess of \$1,500.00 shall be charged for the non-payment of taxes or assessments to be calculated from the date the taxes or assessments were payable until the date of actual payment, and an additional penalty of six (6%) on the amount of delinquency in excess of \$10,000.00 on any delinquent balance remaining at the end of the calendar year. That no interest be charged if payment of any installment of taxes is made within ten (10) days after the date upon which the same became due."

It appears from an examination of the Collector's records that interest was collected in accordance with the foregoing resolution.

DELINQUENT TAXES AND TAX TITLE LIENS

A tax sale was held on June 27, 2014 and was complete.

Inspection of tax sale certificates on file revealed that all tax sale certificates were available for audit.

The following comparison is made of the number of tax title liens receivable on December 31 of the last three years:

<u>YEAR</u>	<u>NUMBER OF LIENS</u>
2014	42
2013	67
2012	61

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a tax paying basis.

It was noted that five tax title liens were over paid by \$9,826.00 The Tax collector was provided with a list of the overpayments to be refunded to the tax payers.

VERIFICATION OF DELINQUENT TAXES AND OTHER CHARGES

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, including the mailing of verification notices as follows:

<u>TYPE</u>	
Payments of 2014 Taxes	50
Delinquent Taxes	50

OTHER COMMENTS

Grant Fund

Reference to Schedules "A-11" and "A-26" of the audit report details the financial activities of the City's grant fund. It should be noted that there are several receivables and spending reserves that have been inactive for several years. These balances should be reviewed for validity.

The City receives Airport Safety Improvement Act Grants which require a match from the State Department of Transportation and/or the Airport Operator. The City expends the grant and expects to receive depending on the grant agreement 90%/95% from the Federal Aviation Administration, 5%/2.5% from the State and 5%/2.5% from the Airport Operator, as a cash match.. On occasion the State will not reimburse the City for the full 5%/2.5% and the Airport Operator is responsible for any difference The City has billed the Airport Operator for its share of the expenditures that were not reimbursed by the FAA or the State. The Airport Operator is delinquent and owes the City more than \$69,000.00 for completed projects

OTHER COMMENTS (CONTINUED)

Interfunds

Transactions invariably occur in one fund which requires a corresponding entry to be made in another fund, thus creating interfund balances. Reference to the various balance sheets show the interfund balances remaining at year end. As a general rule all interfund balances should be closed out as of the end of the year.

It is the City's policy to review and liquidate all interfund balances on a periodic basis.

Other Departments

The audit, of the condition of records maintained by the various departments of the City, was designed to determine whether minimum levels of internal controls and accountability were maintained, that cash receipts were deposited or turned over to the Treasurer within 48 hours per N.J.S.A. 40A:5-15 and that the amounts collected were in accordance with various ordinances, statutes, contracts or agreements. Our audit revealed the following exceptions:

Recreation Department

A reconciliation of the Department's Revenues-Community Pass/Electronic system to actual cash received by the department was not performed during this year.

Several receipts tested were not deposited within 48 hours.

RECOMMENDATIONS

That all outstanding receivables or reserve balances in grant fund be reviewed for possible collection or cancellation.

That the Recreation Department's Revenues-Community Pass/Electronic system be reconciled to the actual cash receipts on a monthly basis.

That all departmental receipts be deposited within 48 hours per N.J.S.A. 40A:5-15.
